

## INVITATION TO BID

The City of Somerset Wastewater Department will be accepting sealed bids for the retrofit of their existing camera truck with new pipe inspection equipment. The current vehicle is a Ford E-450 box truck with an onboard Onan generator that runs on the vehicle fuel tank. Bids must be received no later than 2:00pm on September 5, 2016 and should be addressed as follows:

Attn: Wastewater Camera Retrofit  
Somerset Energy Center  
306 E. Mt. Vernon St.  
Somerset, KY 42501

Specifications :        Minimum 1000' of cable  
                              Pan and tilt camera head  
                              Tractor must fit in 6" or larger line  
                              Win Can software or equivalent

For more information contact Daniel Edwards at 606-305-2680. The City of Somerset reserves the right to reject any or all bids.
